Roll Number: _____

Thapar Institute of Engineering & Technology
Department of Computer Science and Engineering
AUXILIARY EXAMINATION

B. E. (4th year)
3 Sept. 2026, Time: 5:30
Time: 3 Hours, Max Marks: 100

Course Code: UCS745
Course Name: Cloud and Devops
Faculty: Dr. Vijay Kumari

Note: Attempt any five Questions in sequence. Answer all sub-parts of each question at one place. Do mention Page No. of your attempt at front page of your answer sheet. Assume missing data (if any).

Sr. no	Question	MM
Q.1	Explain how merge conflicts occur in Git and describe the step-by-step process for resolving a merge conflict. Illustrate your answer with suitable Git commands.	20
Q.2	Explain the step-by-step communication process between the Docker Client and Docker Daemon for retrieving the welcome image from Docker Hub and running it as a container. Illustrate your answer with the appropriate Docker commands.	20
Q.3	Explain the phases involved in the Software Development Life Cycle (SDLC) and discuss the roles and responsibilities of a DevOps Engineer throughout the software development and deployment lifecycle.	20
Q.4	Differentiate between Continuous Delivery and Continuous Deployment. Also, discuss the benefits of using AWS as a cloud platform compared to on-premise infrastructure.	20
Q.5	**Raj is a DevOps Engineer working on an Ubuntu machine and has been assigned a task involving the containerization platform Docker.** **i)** Explain the steps Raj should follow to install Docker on the Ubuntu machine. **ii)** Describe how Raj can identify the Docker images available on the machine and remove the running Docker container with the ID AABXC1234 .	20
Q.6	Explain the different service models of Cloud Computing. Discuss the features and applications of IaaS, PaaS, and SaaS with suitable examples	20
